

# Case Study: Under One Roof Common Repair - Help for PRS Landlords

Under One Roof provides impartial advice on repairs and maintenance for flat owners in Scotland, and is partnered with the environmental charity Changeworks.

The SafeDeposits Scotland Charitable Trust awarded £15,462 in funding to Under One Roof for a series of seminars for private landlords with common repair issues.

10 of these events took place during 2019, in Dundee, the Scottish Borders, West Lothian, Highland, South Lanarkshire, Renfrewshire, Falkirk, Edinburgh, West Dunbartonshire and East Renfrewshire.

The seminars provided landlords and letting agents with information on the typical maintenance problems that they may come across and how they can deal with co-owners who may be reluctant or unable to join common repair schemes.
