The Trust's objectives are:

To advance education, particularly in relation to (a) best practice in the management of private rented housing and (b) legal rights and obligations which are of particular relevance to those who are involved in the provision or management of private rented housing or who hold tenancies within the private rented housing sector;

To advance conflict resolution through promoting the use of alternative dispute resolution processes for the more efficient resolution of disputes between landlords and tenants within the private rented housing sector.

Who is the target group for your project, who will benefit from the project and what is the anticipated reach of the project?
